Outlook & Valuation

This report and financial model have been prepared solely for educational, academic, and analytical purposes. Nothing contained herein constitutes investment, financial, legal, or tax advice, nor does it represent a recommendation, an endorsement, an offer to sell, or a solicitation of an offer to buy any securities or financial instruments. This document is not certified investment research prepared in accordance with legal or regulatory requirements designed to promote the independence of investment analysis.

All historical operating and financial data are compiled from publicly available Annual Reports and Combined Management Reports published by Mercedes-Benz Group AG for the financial years 2021 through 2025. Projections, segment reconciliations (including the isolation of Industrial vs. Mobility operations), and derived analytical metrics reflect independent modeling assumptions; actual future operating performance, cash generation, and financial position of Mercedes-Benz Group AG may differ materially from the figures modeled herein.

The author assumes no liability—direct, indirect, statutory, or consequential—for any loss, damage, or decision arising from reliance on this workbook, its underlying formulas, or qualitative observations. Users must conduct their own independent evaluation and consult qualified professional financial advisors before undertaking any investment or capital allocation decisions.
